PROFESSIONAL PROFILE

- M S BIOENGINEERING (UK)
- BE ELECTRONICS (INDIA)
- Regd. Patent Agent & Engineer
- Regd. IPTC (Singapore)

Chirag Tanna has more than 13 years of experience in Intellectual Property Rights. He has prepared and filed thousands of new patent applications, prepared and filed Responses to Office Actions, represented clients at hearings in the Indian Patent and Trademark Office as well as the US Patent & Trademark Office. He covers all realms of engineering, sciences, and life sciences in Intellectual Property Rights.

Chirag Tanna has been involved in patent litigation matters in India and USA. He has also effectively created and protected portfolios of brands through Trademarks.

Chirag Tanna has provided portfolio evaluations to clients, including world-wide prior art searching, assessment of competitors' IP holdings, and opinions of patentability and infringement. He has delivered full-scale client counseling on matters of substantive patent, trademark, and copyright law and procurement procedures and strategy.

Additionally, Chirag Tanna regularly teaches full-scale Patent, Trademark, Copyright, and Design laws (drafting, prosecution, litigation) at NIIPM, IIT Bombay, and through corporate training programs.
